Dear Mr. President:

I understand that your Fiscal Year 2021 Budget will include no funding for Yucca Mountain-related activities. This is a welcome development in the fight to protect the health and safety of Nevada families now and for generations to come.

If you are committed to protecting Nevada in perpetuity, I recommend you also express your resolve to veto any legislation that would undermine the State's legal standing or consent requirements (e.g., S.2917 or H.R.2699).

As a country, we have an opportunity to move beyond the tired fight over Yucca Mountain and into an era of consent-based siting for nuclear waste. Nevada would welcome your support on these matters.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Sisolak", written over the printed name and title.

Governor Steve Sisolak
State of Nevada
