**October 30, 2012**

**Temporary Waiver**

Memorandum:

Subject: Emergency Relief due to Hurricane Sandy

Department of Motor Vehicles Director, Bruce Breslow in accordance with Nevada revised Statute 706.561, hereby waives any requirements under Nevada law relating to trip or fuel permits required for commercial vehicles operating in the State of Nevada and transporting food, clothing; supplies; utility company vehicles; tree service vehicles; other relief workers and equipment to the designated areas affected by hurricane Sandy.

1. Effective October 30, 2012 all requirements concerning the International Registration Plan ("IRP") and the International Fuel Tax Agreement ("IFTA") are temporarily waived for all commercial carriers/vehicles traveling into or through Nevada for the purpose of ensuring that essential services and emergency equipment and supplies reach affected areas in a timely manner. This temporary waiver specifically pertains to, but is not limited to, commercial carriers/vehicles providing relief support to the impacted areas along the North East Coast.

2. Specifically waived as part of this Order is:

- (a) The IRP requirement that an out-of-state carrier apply for and obtain from the DMV/Motor Carrier a temporary registration credential known as a "Trip Permit" in accordance with NRS 706.521 of the Nevada regulations implementing and governing IRP; and
- (b) The IFTA requirement that out-of-state carriers apply for and obtain a licensing permit credential known as a "Trip Permit" in accordance with NRS 366.223 of the Nevada regulations implementing and governing IFTA.

3. This Order and the temporary waiver of the IRP and IFTA requirements established hereunder shall remain in effect until such time as it is determined that an emergency no longer exists, or until November 30, 2012, whichever occurs first.

4. Nothing in this Administrative Order shall be construed as permitting the operation of a commercial motor vehicle without complying with the appropriate laws pertaining to commercial driver licensing and all safety requirements governing the operation of commercial vehicles, including maintaining and having in effect all required insurance.

A handwritten signature in black ink, appearing to read "Breslow", is written over a large, faint watermark of the number "343".
