Re: Request for Additional Nevada National Guard Support
New Year's Eve

Dear Mr. Steinbeck:

The protection and safety of all residents and visitors to Nevada is my number one priority and I share Clark County's commitment to ensuring that all necessary resources are engaged in this endeavor.

As you are aware, on November 20, 2015, I approved Las Vegas Metropolitan Police Department's request for up to twenty-four (24) Nevada National Guard members to mobilize and provide support during the 2015 New Year's Eve celebrations. Thereafter, on November 23, 2015, I made a request to the United States Department of Defense to allocate federal funding to reimburse the State of Nevada for costs associated with this and other potential Nevada National Guard mobilizations.

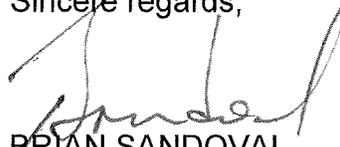

After consultation with the Nevada National Guard, the Nevada Department of Public Safety, and the Nevada Division of Emergency Management, I approve your request for an additional one-hundred (100) Nevada National Guard members to be prepared to provide immediate support to local law enforcement in the event of an emergency.

Given the unique attraction of the Las Vegas Strip and large number of visitors and residents who celebrate in Nevada during New Year's Eve, the State of Nevada is committed to working collaboratively with all federal and local partners to ensure that together we are ready and prepared for any event.
