Re: Assembly Bill 411 of the 83rd Legislative Session

Dear Secretary of State Aguilar:

I am forwarding to you, for filing within the time limit set forth in the Nevada Constitution and without my approval, Assembly Bill 411 ("AB 411"), which is titled as follows:

AN ACT relating to prescription drugs; revising provisions relating to the labeling of certain prescription drugs under certain circumstances; and providing other matters properly relating thereto.

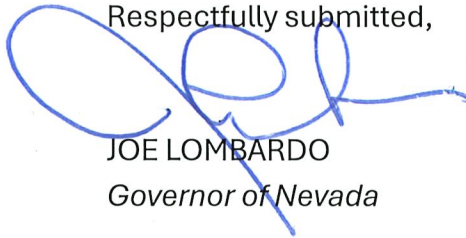

While I understand and respect the privacy concerns that motivated AB 411, this bill may slightly reduce transparency in follow-up care and should be evaluated carefully. Nevada already offers strong privacy protections for reproductive healthcare providers, including legal shield laws. The medications governed under this bill are generally safe and effective, but some patients may experience side effects that require medical attention. In such cases, it's important that treating clinicians can easily identify and contact the prescribing provider.

While providers are often contacted through their practice, having their individual name on a prescription may, in some cases, help other medical professionals respond quickly to complications. AB 411 shifts the balance toward provider privacy but may also reduce transparency in clinical follow-up situations.

I cannot support AB 411 because, when balancing patient safety and provider privacy, we must prioritize clear communication to protect those seeking care.

For these reasons, I veto this bill and return it without my signature or approval.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read 'Joe Lombardo', is written over the printed name and title.

JOE LOMBARDO

Governor of Nevada
