PCR Tests, Confirmed Cases and Deaths by County

PCR Tests Performed by Testing Location

As of 06/06/2020, map shading is based on the rate of confirmed cases per 100,000 population. Hover your cursor over a county to display the rate.

COVID-19 data are reported as timely, accurately, and completely as we have available. Data are updated as we receive information that is more complete and will change over time as we learn more.
Reopening Directive and Guidance

The guidance for businesses reopening in Phases 1 and 2 was developed in consultation with Nevada’s Local Empowerment Advisory Panel (LEAP) created under the Nevada United Plan for reopening Nevada.

Phase Two – Reopening Nevada

  - Phase Two Reopening: General Guidance (5/28/2020)
  - Phase Two Reopening: Industry-Specific Guidance (5/28/2020)

  - Nevada’s Path Forward: A Framework for a Safe, Efficient, and Equitable Return to School Buildings
  - Nevada Summer Learning & Activity Guidance
  - Nevada Interscholastic Activities Association Re-Opening Guidance

Governor Steve Sisolak signed a directive allowing local school districts, charter schools, and private schools to immediately reopen for summer learning and activities while implementing the Phase 2 protocols designed to keep students, staff, families, and communities safe. The guidance provides support for districts and schools to make local decisions regarding re-opening facilities, offering in-person instruction, and hosting meetings and events under the proper social distancing protocols.

Digital contract tracing solution through Salesforce and Deloitte.

- Contact tracing starts at the point one of our health departments receives a positive lab report.
- Contact information is obtained for each case (discuss initial symptoms, when they were most infectious, what they did on those days, who they interacted with for at least 15 minutes within 6 feet of each other).
- Follow-up with identified contacts and advocate they follow CDC health guidance.

Tracing implementation:

- As part of this, 250 contact tracers will start on June 13, tripling the paid contact tracers
- 96% of those contact tracers are Nevadans.
- 23% are bilingual in Spanish and English.
- The tracing will be available from 8 AM to 8 PM each day including weekends.
Find COVID-19 Testing in Nevada
Now more than ever, testing for COVID-19 is critical. Nevada health officials are working hard to ensure that anyone who needs a test can get one. It’s the only way we’ll know where the virus is and then arrange resources to slow the spread.

COVID-19 data and test results that include people who don’t show symptoms (“asymptomatic”) can provide a more accurate understanding of how the virus is spreading. Identifying asymptomatic cases will provide a better understanding of the virus’s impacts on the community. Expanding testing plays a major part in influencing the state’s continuous adjustment of prevention and control measures. Additional testing can also lead to a larger number of Nevadans being made aware of their conditions, knowledge that could contribute to focused social distancing and further slowing community transmissions.

The testing location information below is provided and maintained by Castlight: COVID-19 Resource Center. (Testing locations are not endorsed or vetted by the Nevada Department of Health and Human Services.) Testing sites can be searched by specific location or by county.

Individuals who need help accessing this content are encouraged to call Nevada 2-1-1 for more information. While testing criteria for coronavirus disease have been expanded in Nevada to include individuals with and without symptoms, each testing site has its own criteria, which is indicated in the results below.

Please call the testing site or your health care provider before you go for testing. Report incorrect information about the testing location details provided here.
The State of Nevada was awarded $654,640 for the Crisis Counseling Immediate Services Program through FEMA and will use the funding to place crisis counselors in community programs.

- The Department of Health and Human Services (DHHS) will work partnerships with local health departments and human service agencies, Boys and Girls Clubs, and Nevada COVID-19 Aging Network (Nevada CAN) to ensure Nevadans have access to prevention and early intervention services.

- Through this grant from the FEMA, Nevada will be deploying 35 crisis counselors statewide to support Nevadans coping with the effects of COVID-19. The program will focus on a population health approach that encourages healthy coping and active management stressors, building resiliency and fostering compassion.

**Coping and Managing Mental Health**

Resources to deal with stress, fear, anxiety and other feelings during COVID-19 response

1. **Crisis Support Services of Nevada**: Call 1-800-273-8255; text CARE to 839863 for 24/7/365 crisis services.
2. **Crisis Text Line**: Text HOME to 741741 from anywhere in the U.S., for 24/7/365 crisis services.
3. **Disaster Distress Hotline**: Call 1-800-985-5990 or text TalkWithUs to 66746. The helpline is a 24/7/365, and is dedicated to providing immediate crisis counseling for people who are experiencing emotional distress related to any natural or human-caused disaster. People with deafness or hearing loss can use their preferred relay service to call 1-800-985-5990.
4. **National Suicide Prevention Lifeline**: If you feel you or someone you know may need emotional support, please visit the Lifeline’s website at suicidepreventionlifeline.org for helpful resources or call 1-800-273-TALK (8255). The Lifeline is free, confidential, and available to everyone in the U.S. You do not have to be suicidal to call the Lifeline.
5. **Warmline for Health Care Workers**: Call 1-833-434-0385 This line serves as a confidential mental health resource for health care professionals to seek support before they have reached a crisis point. Monday - Friday from 8 a.m. to 8 p.m.
6. **SafeVoice**: Call 1-833-216-SAFE (7233) This program provides students a safe place to submit tips concerning their own safety or that of others and is available 24/7/365.
The CARES Act. - The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law by President Trump on Friday, March 27, 2020. DETR has received guidance from the Department of Labor and continues to work on the management of the programs.
