COVID-19 Press Bulletin for 5-26-2021

Carson City, NV — Today, Caleb Cage, Nevada COVID-19 Response Director and Karissa Loper, Bureau Chief for the Bureau of Child, Family, and Community Wellness provided updates on Nevada's ongoing COVID-19 response and vaccination efforts in Nevada during a call with members of the media.

This bulletin provides facts, figures, and informational items from the call. As a reminder, data is provided in a dashboard on the home page of the [Nevada Health Response](https://www.nvhealthresponse.nv.gov) website.

This was the last regularly scheduled call with members of the media by the Nevada Health Response team. Media questions can be directed to State agencies or submitted to pressroom@nvhealthresponse.nv.gov.

SUMMARY:

- As of today, Nevada has logged 323,249 cases, with the 14-day rolling average of daily cases being 147.
- Nevada has now completed a total of 3,359,409 molecular tests since the beginning of COVID-19.
- The test positivity rate over the last 14 days is 4.3%.

- Today, the Nevada Hospital Association is reporting there are currently 257 COVID-19 hospitalizations (252 confirmed; 45 suspected)
- As of May 25, 2,212,493 COVID-19 vaccine doses (By Resident County) were administered and reported to Nevada WebIZ.
- More than 47% of the population 12 and older has initiated vaccination and 38.5% of the population 12 and older has completed vaccination.
- This weekend marked the last stop on the FEMA Mobile Vaccination Units.
- Since early April, the two mobile units visited many of Nevada's most rural and tribal communities, providing an opportunity for vaccination close to home.
- The events were very successful and ultimately reached individuals in 28 towns around Nevada.
- As always, Nevadans are encouraged to check out [NVCOVIDFighter.org](https://www.nvcofight.org) or call 1-800-401-0946 for the latest information on appointment and walk in availability.
